

## **Here I Go**

**Carl Cartee and Blair Masters**

### **Verse 1**

I've been afraid for far too long  
Steppin' aside while the world moves on  
What if I fall, what if I'm made a fool  
Standin' out on the edge of life  
Lookin' in and wastin' time  
Counting the cost of all I have to lose

### **Verse 2**

What if I let myself believe  
What if my faith was more than dreams  
What if I finally took you at your word  
I would see Your kingdom come  
I would see Your will be done  
So I surrender to this truth  
I lay down my life for You

### **Chorus**

Here I go  
To every nation, all the world  
Here I am  
For Your glory, use me  
'Cause here I go

### **Verse 3**

Who am I to speak your word  
Could You use me to reach the world  
Could I be one to go and lead the way  
You said You would never leave  
So I trust and I believe  
So I surrender to this truth  
I lay down my life for You

### **Chorus**

### **Bridge**

Lord, make my life into one You could use  
My faith won't allow me to sit in this pew  
I'm desperate, I'm hungry to see You move
